

# Sohail Akbar

## Senior Full Stack Developer

As a self-motivated and dedicated 17-year-old self-taught programmer, I possess 4 years of programming and 2 years of web development experience. Despite skipping my studies to pursue my dream, I've gained valuable experience working on various high-profile projects as a lead developer. My motto is "Never say Never", So, I never say never. I am a quick learner. I am a valuable asset to any team due to my problem-solving skills
